As the cauldron bubbled an eldritch voice shrieked: "When shall we three meet again?" There was a pause. Finally another voice said, in far more ordinary tones: "Well, I can do next Tuesday." 43

"When shall we three meet again?", she said. "Hm?" The witches looked at one another sheepishly. "I'm a bit busy next month," said Nanny. [...] "Let's just leave the whole question open shall we?" p264

- Round about the cauldron go, in the poisoned entrails throw... What are these supposed to be? - Our Jason's slaughtered a pig yesterday, Esme. - These look like perfectly good chitterlin's to me, Gytha. There's a couple of decent meals in them, if I'm any judge. (...) There's plenty of starvin' people in Klatch who wouldn't turn their nose at them. 191

"It's all very well calling for the eye of newt, but do you mean Common, Spotted or Great Crested. Which eye anyway?"99

"Oh, well. 'Double hubble, stubble trouble, Fire burn and cauldron bub-' WHY isn't the cauldron bubbling, Magrat?"192

Slab and grue, yes. But i doesn't say how slab and grue. 192

'What are you?' 'We're hags, Hwel!' 'What kind of hags?' 'We're black and midnight hags!' they yelled, getting into the spirit. 'What kind of black and midnight hags?' 'Evil black and midnight hags!' 'Are you scheming? (...) Are you secret? (...) What-are-you?' 'We're scheming evil secret black and midnight hags!'

"If it's to be done, it's better if it is done quickly,' or something." 113

"who would have thought he had so much blood in him?"139

"Can no orders of mine be obeyed?" he screamed. "Infirm of purpose! Weak! Give me the box!"

"Can you remember what he said after all those tomorrows?" 248

"Is this a duck knife dagger I see behind beside in front of before me, its beak handle pointing at me my hand?"193

"Is this a dagger I see before me?" 66

"Is this a dagger I see before me?" "Of course it's a bloody dagger. Come on, do it now." 236
